

SPECIALISED CONTAINER PRODUCTS

Shipping Container Shelters

The Container Mounted Shelter is a relocatable shelter system engineered to tolerate wind and other hard-hitting Australian conditions. Shelters have a strong steel frame that can be either bolted, welded or twist locked to the top of shipping Containers.

We have two types of shelter systems, a Premium Range and a Economy Range and come with up to 10 years warranty.

- Low cost of shipment and assembly
- Simple to construct without building license
- Transportable models available
- 6-16 m wide and 6-30+ m length
- Can be custom manufactured to your requirements
- Low radiant heating
- Standard units handle winds up to 152kph 41mps
- Higher wind ratings up 316 kph available
- No beams for roosting birds
- Tensile Membrane
- Large range of colours available
- Can be stand alone or built on containers, walls or posts

Example of a Shipping Container Shelter
