

# STANDARD CONTAINER RANGE

## Side Opening Shipping Containers

Shipping Containers Australia supply new side opening shipping containers for sale. These containers allow additional ease of access when loading your goods. They come standard in a 20' size, though we can install side opening doors in a 40' shipping container if required. These containers still feature the standard double doors at the front of the box that open to a large 270 degrees, and solid timber flooring.

We can also paint our side opening containers in a range of standard colours. Our advisors are more than happy to assist you with any of your questions.

- Brand New Side Opening Container
- Single trip into Australia
- Full side opening bi-fold doors for easy loading
- End doors
- Vermin proof, wind and water tight
- Lockable
- Structurally sound

### Container Specifications

Specifications	Cubic Capacity	Max Gross Weight	Tare Weight
20' Side Opening Container	31 m3	24,000 kg	3,400 kg

Dimensions	Length	Width	Height
20' SO Container External	6.06 m (20')	2.44 m (8')	2.59 m (8'6")
20' SO Container Internal	5.9 m	2.29 m	2.30 m

The above dimensions are an approximation, they may differ slightly between container manufacturers.
